New Media for the New Media Industry

## MEDIA KIT

Targeting Digital Technology Decision Makers

## TV Mainstream Media Kit

TV Mainstream, TV Worldwide's leading channel targeting the digital media and telecom industries, is the largest source for video content related to the new media industry in the world reaching a large number of executives and decision makers with live and archived webcasts each month from the TV Worldwide studios and from events throughout the United States. It is a resource for anyone interested in learning about the technologies, business models and leading figures in the digital media and telecom industries including advertising and marketing, mobile technologies, regulatory and legal issues, streaming and broadcast media and convergent technologies such as IPTV.

### Our Content

TV Mainstream features exclusive coverage of a number of important industry events throughout the year. TV Worldwide works with a number of industry leading companies and organizations to bring a wide variety of professional programming and events throughout the year such as the NAB, American Business Media, National Television Academy and StreamingMedia.com. TV Worldwide also produces a number of featured events from its US Vets Studios in the Washington DC area – the largest studio in the US dedicated to Internet TV production.

### Our Audience

The TV Mainstream audience is made up of executives and decision makers – the same people seen in our many featured interviews, conference webcasts and presentations. Detailed statistics collected from opt-in data collected from our many registration-based webcasts include the following:

- ▶ The largest audience group is made up of CEOs (17%).
- ▶ Almost one-third (31%) are at least C-level executives.
- ▶ Nearly two-thirds (64%) are VP-level or above.
- ▶ Nearly one in five are press covering the industry with two-thirds of those being editors.

Average page views per session: 3.8

Total pageviews per month in 2009: 932,634 (over 2,220 per day)

Average length of session: over 28½ minutes!
